

CALCINED

Death Metal From Switzerland

Pressbook

EN – Biography

Calcined is a Death Metal formation created in 2008 by some freaks devoted and impassioned by the extreme Metal scene.

The compositions could be seen as **old school, furious, brutal and chaotic** and evolving with a very firm and steady rhythmic and with scathing riffings while the voice have to find its way between perdition, dementia and savagery.

The band released some Demo/EP/split during his first five years before to differentiate with a **Est Europa tour in 2013**, a first full-length **"Tormenting Attractions"** released in the spring 2015 on the french label: **"Great Dane Records"** and in 2016: a rewarding and magnificent **tour in Cuba**.

Thenceforth, the band won a lot of live experience. Trying to be on stage as much as possible where they can play, Calcined opened for some mighty bands like Inveracity (GR), Carnal Decay (CH), Internal Suffering (COL), Stillbirth (D), Cauchemar (CAN), Putridity (IT), Perverse Dependance (RUS), Pighead (D), etc...

Always very active and devoted face to the possibility to play live and to composing some new piece of music, Calcined's writing his second full-length and is ready to devastate every places who're ready to welcome us!

FR - Biographie

Calcined est une formation de Death Metal fondé en 2008 par des passionnés de la région fribourgeoise.

Les compositions peuvent être qualifiées de **old school, furieuses, brutales et chaotiques** à l'image de la rythmique très soutenue qui fait écho à des riffs cinglants et à un chant où se meut une folie absolue, mais larvée.

Le groupe a sorti plusieurs démos/Ep/split durant ses premières années avant de se démarquer avec **une tournée en Europe de l'est en 2013**, un première album **"Tormenting Attractions"** sorti au printemps 2015 sous le label **"Great Dane Records"** ainsi que **leur tournée Cubaine** en 2016.

Dès lors, le groupe a acquis beaucoup d'expérience de scène. Ayant régulièrement promu sa musique sur les scènes les accueillants dès leur début, Calcined a notamment pu ouvrir pour des groupes imposants comme Inveracity (GR), Carnal Decay (CH), Internal Suffering (COL), Stillbirth (D), Cauchemar (CAN), Putridity (IT), Perverse Dependance (RUS), Pighead (D), etc...

Toujours très actif que ce soit sur scène ou au sein de ses créations, Calcined compose son second album mais reste aux aguets afin de partir pour dévaster n'importe quelle scène prêt à les accueillir!

Reviews about our last release: "Tormenting Attractions"

Ave Noctum (English): 7/10 www.avenoctum.com

"... The pace changes in this are well executed creating urgency and a sense of hatred especially with the grisly riffing that is heavy but also spattered with some lighter hooks. The drumming here is very fluid, veering from one speed to another..."

Pagan Hel (English): 9/10 paganhelreviews.blogspot.co.uk/

"...This album was born to kill! Its unadulterated vivaciousness is untamed and wild. Far reaching and bold in delivery it pushes the boundaries to their limits. Definitely to the more extreme end of the scale if indeed it does have an end? The thrills for me personally lie with the gruff vocal edge that imposes its nauseous and repugnant, vile secretions directly to eager ears in order to wrap it in a futile and abhorrent swathe so there is no escape..."

Metal Cunt (French): www.metal-cunt.com

"... L'agressivité attendue dans sa composition est au rendez-vous. Dès les premières mesures de « Funeral Passage », le correcteur est plongé dans une violence qui n'a désormais plus de limites. C'est avec satisfaction que l'on s'apercevra que le disciple a bien sucé la substantifique moelle des lectures qu'il a faites de ses classiques. Quand la voix growlée de Magnus dans « Gazoline and Smoked Bones » fera directement référence à Corpse Grinder (Cannibal Corpse), « Neurotic Murder » se contentera de mettre à sa sauce les structures empruntées à Massacre...."

Daily Rock (French): 4.5/5 www.daily-rock.com

"... Fuyant les dégénérescences modernes, Calcined drague le versant brutal du genre avec un batteur énervé qui parvient à donner un feeling groovy en évitant d'abaisser le tempo à tout bout de champ, une performance !...."

Skartnak (French): 4.5/5 www.skartnak.com

"... Aux premières bouchées, c'est le goût de old-school qui attaque en premier le palais. La voix gutturale et rugueuse, fuit ainsi comme la peste les déboires aigus à tendance -core dans lesquels se fanent trop de formations actuelles. Là où Calcined a choisi un style où trop de chanteurs s'enfoncent dans une texture vocale trop interchangeable..."
